

We provide refugees and other immigrant communities the tools to make Buffalo their *home*.

## WELCOME

90 days

## SELF-SUFFICIENCY

Under 3 years

## THRIVING

3+ years

- Housing
- Cultural Orientation
- School Enrollment and Coaching
- Job Placement and Training
- English Language Acquisition
- Entrepreneurial Experiences
- Family Reunification
- Citizenship
- Interpreting & Translation
- Community Education **and more!**

Every service Journey's End provides is aimed at *connecting clients to their new home*- to help them understand all that Buffalo has to offer and what we each give back to our community in return.

This mutual prosperity occurs through our targeted work, the donors who make it possible, and the *shared passions we have in building community* at the local, state, national and global levels.

There is no refugee resettlement agency like Journey's End. They are so helpful and make refugees feel at home. I have been to many states and met refugees who don't know how to do basic things like apply for a job, but staff at Journey's End provides their clients with all those tools. I can't thank them enough for all they do.

M. A. M., former JERS client from Somalia

## DONATE

## ADVOCATE

## VOLUNTEER

Through diversity of culture, ideas and experience, entrepreneurial spirit, and hard work, immigrants have contributed to our WNY community. Our ability to help immigrants reach economic self-sufficiency and their own unique integration goals is jeopardized by uncertain federal funding. *Please join us now* in supporting your newest neighbors and show them why the Buffalo you love can truly become their home.
